

SM-5500

Self-Service PC Based System Scale Printer

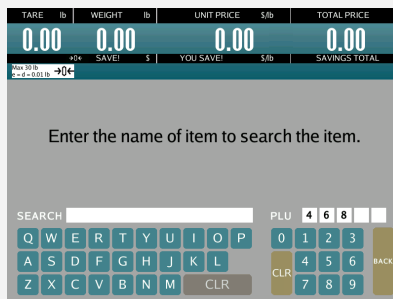

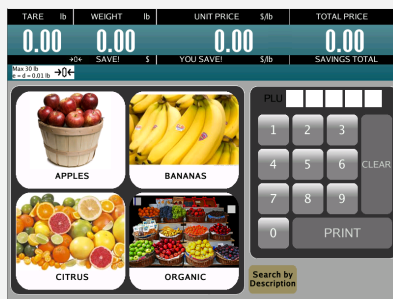

PC Based

- **User Friendly 12" Color Touch Screen and Interactive Customer Display**
 - Customer display with 12" touch screen panel can be adjusted to fit the operators viewing preference. With a full color 12" Touch WVGA customer display presents product pictures and PLUs vividly without the need to strain the eyes, users can easily navigate through for fast access to the item to be weighed.
- **Remote Diagnostic Functions**
 - Remote diagnostic and troubleshooting capabilities allows users to monitor scale performance remotely.
- **Easy Cassette Loading**
 - Front loading label Mechanism and large label roll for more efficient pre-packing.
- **Linerless Labels (Option)**
 - Auto-label-sizing feature eliminates unused space on the label and automatically adjusts the label size. This reduces the label cost and making labels more attractive.
- **Label Format Flexibility**
 - Auto-cut feature allows variable label layouts and sizes to be used from one roll of linerless labels.
- **e.Labels and More**
 - The Electronic price label can display product information and wirelessly connects with PC scale system. Labels can be simultaneously updated with PC scales from the office. Hi-Touch function enables fast and easy PLU retrieval by acting as a remote preset key, eliminating PLU memorization.

Built-In Scanner
